This list supersedes and cancels all previous Price Lists which we have issued.

INVITATION: Visitors are invited to attend our annual Orchid Cactus Show, held from April 1st to June 30th. Nursery open by appointment only, for the rest of the year. Orders received during our Show must sometimes be held up for a few weeks, but will be shipped out in order received. Winter orders to northern states may be held for more favorable weather. Blooming sized plants, shipped out in March or April, are generally in bud at that time.

TERMS: Cash with order. Postage prepaid in U.S.A. on retail orders. Foreign countries please add 20% to cost of plants to allow for extra packing, postage and Agricultural Inspections—a minimum of \$1.50 must be included. Those living in California, please do not forget the 4% sales tax. Specimen plants shipped Express Collect. Orders for less than \$3.00 please add 50¢ to cover shipping costs.

PRICES: Quoted according to availability and rarity of plants. In this list, we are endeavoring to list the most desirable and best growing varieties. We have hundreds of good ones not included herein and, if you desire any special one not listed, please write us. Most likely we also have it. Prices are quoted on 8 to 12 inch cuttings, unless otherwise stated.

COMPLAINTS: All merchandise is in A-1 shape when it is selected for you at our gardens. If any plant is damaged in transit, complaints must be made to us at once. Customers ordering plants to be shipped to freezing climates, do so at their own risk. We will pack such orders carefully, but cannot guarantee against freezing.

ABBREVIATIONS: Originator's names: Bhm—Beahm Gardens, CK—Curt Knebel, Cldg—Coolidge Rare Plant Gardens, CP—Cactus Pete, ESA—Epiphyllum Society of America, Mon—Monmonier, Poin—R. W. Giant Empress

In this Picture Book we are endeavoring to show many of the newer varieties of Orchid Cactus, never before shown, and to eliminate many of the older, poorer growing ones. At our nursery, we grow several thousand varieties of the Epiphyllum hybrids, but space limitations make it impossible to show more than a few of them here, so we have made the following Specials to give the collector a chance to share in the hundreds of unlisted varieties.

WE RECOMMEND

Special No. 2: Miniatures—our selection, including at least one \$1.00 variety, 5 all different for 3.00

EPIPHYLLUM SPECIES

Epiphyllums are true species of wild, epiphytic plants from the jungles of Mexico, Central and So. America. Some are night bloomers, all are white flowering. The day blooming Epiphyllums provide part of the parentage of the hybrids. These, crossed and recrossed with several different species of cactus which have colored flowers, have produced the thousands of Orchid Cactus we know so well. We offer the following Epiphyllums: *anguliger* \$1.00, *cartagense* 75¢, "Conzatti" \$1.00, *crenatum* 50¢, "Kinchinunga" 75¢, *lepidocarpum* \$1.00, *oxypetalum* 75¢, "Pfersdorfi" 75¢, *Pittieri* \$1.50, *pumilum* 75¢, *stenopetalum* 75¢, *strictum* 50¢, "Werckleii" 75¢ and several other new species. Epiphyllum Special: 6 different, our selection, for \$4.00

Our yearly Show of the Orchid Cactus, held for over twenty years, starts the first day of April and continues on through the month of June. The flowers usually hit their peak of bloom about the middle of May. During our Show, we are open every day but, if you wish to visit our gardens at other times, it is always advisable to let us know. Call Capitol 1-2290 to see if we are home, or write to us, if you are from out of town. We make many collecting trips into the jungles of Mexico and Central America, and to our own Southwestern desert areas, both collecting specimens and taking pictures for our Garden Club programs.

True species (left to right) *Epiphyllum strictum*, *E. anguliger*, *E. Pfersdorfi*, *E. Kinchinunga*, *E. oxypetalum*, *E. crenatum*, *Heliocereus speciosus* (often used in hybrids)

RHIPSALIS
